Oral Evaluation and Fluoride Varnish Supplies

**Supplies**

**Unit dose of fluoride varnish** – There is limited evidence available to support current commercially available fluoride varnish formulations. The chart below highlights 4 different commercially available fluoride varnish options. Please note that pricing is an estimate and could vary or change at any time due to market conditions and product availability.

**Flecta disposable mouth mirrors**

**Finger splints (optional)**

**2x2 gauze squares for drying teeth**

**Appropriate Personal Protective Equipment** – at a minimum should include a face mask, eye protection to include goggles or protective eyewear with solid side shields, a surgical mask, and gloves. Visit the CDC website for up-to-date recommendations.
